## Steve Dennis forges ahead in the overall table ...

### Overall Competition

In a class of his own, Steve Dennis is way out in front leading the overall table with 717 points – 13 points ahead of ahead of the best of the rest, left jostling for 2nd place. Consequently we have Dave Shepherd 2nd with 704 points, Iain Brogden 3rd with 703 points and Rob Pelham 4th with 701 points. Last, but by no means least, Tom Glandfield makes up the top five on 694 points, and a bit of work to do.

As we move towards the final stages we still have two short distances, one medium hilly, four medium and one long distance events to go so it's certainly not over yet.

## Pick of the points ...

In SPOCO times are of no consequence as it's your position on the day that counts. Starting at 120 points for the winner, and reducing by 1 point per position, means the fewer riders there are, the more points you are likely to get – so choosing the right event can reap rewards
